

Cookie Policy

Last updated: 2 October 2026

Demo document. Template for a portfolio project, not legal advice.

1. What are cookies

Cookies and similar storage are small pieces of data saved in your browser. Some are needed for the site to work; others are optional.

2. Necessary

Remember your language and currency, keep your cart, and your cookie choice. They are needed to provide the shop and do not require consent.

3. Security

Cloudflare Turnstile may set data to tell humans from bots during checkout.

4. Analytics (optional)

Google Analytics 4 is used to understand how the shop is used and to measure purchases. It is loaded only after you accept analytics cookies.

5. Your choice

You can accept or decline optional cookies in the banner and change your decision at any time by clearing site data in your browser. You can also block cookies in browser settings; the shop still works, but the cart and preferences may not be remembered.
